

In Science we will learn to:

- Compare and group different kinds of rocks on the basis of their appearance and simple physical properties.
- Describe in simple terms how fossils are formed when things that have lived are trapped within a rock.
- Recognise that soils are made from rocks and organic matter.

In Maths we will learn to:

- represent and partition numbers to 1,000
- find 1, 10 or 100 more or less
- estimate on a number line to 1,000
- compare and order numbers to 1,000
- count in 50s

In Music we will learn:

- Celebrate a wide range of music styles linked to the theme 'How does Music bring us closer together?' including by listening, singing, playing, composing and performing.
- about musical structures

In Computing we will learn to:

- Use basic typing skills
- Use computer shortcuts
- Create a PowerPoint presentation on a chosen topic.
- Add media, shapes, lines, animations and transitions to enhance the presentation for the audience.

What will we be learning?

**Year 3 Yew
Autumn 1**

In DT we will learn to:

- To design, make and evaluate a trick or treat box for ourselves for packaging.
- Evaluate our products carrying out appropriate tests
- Identify the strengths and areas for development in our ideas and products
- Consider the views of others, including intended users, to improve our work

In PE we will learn to:

- develop our hockey skills
- dribble a ball
- pass and receive a ball
- shoot at a goal or target
- tackle another player safely

Our PE day is **Friday**

In RE we will learn:

- How Hindus worship at home and in the Mandir.
- How Hindus celebrate the festival Diwali as a community.

In English we will learn to:

- Work on our basic sentence skills such as capital letters and full stops.
- Write simple story settings in the style of a modern classic.
- Build on our fluency and expression by reading aloud to each other
- Retrieve information from fiction, non-fiction and poetry.

Our class novel is **The Iron Man by Ted Hughes**
Our picture book for this half term is **The Tunnel by Anthony Browne**

In Geography we will learn to:

- Locate Italy on a map.
- Explore the key geographical features of Italy.
- Investigate the effects of Italy on a plate boundary.
- Sequence the events in a volcanic eruption.
- Understand the cause and effects of earthquakes.
- To use grid references on a map of Italy.
- Understand how Italy and UK are similar/different.

In PSHE we will learn:

- to recognise respectful behaviours
- how to model respectful behaviour
- the importance of self-respect
- what it means to treat others, and be treated, politely
- the ways in which people show respect in different cultures and in wider society
